American Numismatic & Archaeological Society.

My dear Sir,

I take the liberty of asking you to kindly oblige me with a list of your members and their addresses in above association.

I have lately brought out a new edition of Captain John Smith's Travels and Works, 2 vols. This is a most complete edition and I should like to send a prospectus of it and of a few historical works to the members and in which I have no doubt they will have special interest.

By same post copies of my last catalogues have been sent and they will give you an idea of the books in which I deal. They are practically all remainders but of a high class, and I have found in this country that members of historical associations are specially interested in my catalogues, for it always affords them an opportunity to secure really good books at low prices.

Trusting to have the courtesy of your reply,
and with compliments,

I am

Yours faithfully,

John Grant

I am quite willing to bear any expense you may incur.
